SHRIJI POWER &
AUTOMATION PVT. LTD.

Mission Innovation

SHRIJI POWER & AUTOMATION PVT. LTD.

We measure our success rate, not on the basis of profits we make, but the lives we touch

Shriji Power and Automation Pvt. Ltd. is a multi faceted, widely acclaimed company known for creating solutions of the highest quality and satisfaction to an impressive roster of clients. Understanding and fulfilling the diverse customer needs is our foremost mission, which we are keenly pursuing since our inception. We are a team of talented and astute engineers harboring a strong desire to contribute to the world of technology and changing the business landscape.

Shriji Power & Automation Pvt. Ltd. take pride in establishing and fostering a robust and advanced in-house mechanism to design, develop and deliver the most sophisticated and workable control system to the clients.

VISION

Our vision is to be the industry standard in providing superior products & services of exceptional value to customers which help them gain competitive advantage in their domain.

MISSION

Mission involves maintaining a superior level of integrity in interactions with partners, associates, stakeholders and employees. Provide work environment where our employees can explore their potential and thrive in an atmosphere of excellence.

THE MIND & FORCE BEHIND THE COMPANY

Sudhanshu Kumar

Managing Director

Sudhanshu commenced his career in the year 2001 with the largest engineering conglomerate. He has worked devotedly for the quick accomplishments of the objectives and driven the company to spectacular success.

He was responsible for designing robust system configurations, commissioning and software philosophy development, project execution and articulating of Siemens PLC, MI, AC and DC drives.

Sudhanshu Kumar is a man of intellect, perseverance and courage which has been reflected in his work style and projects he handled. He had constantly proved his caliber by delivering successful results and setting new benchmarks in the industry. His journey from Assistant Manager for the reputed Automation Company to Director - Shriji Power & Automation Pvt. Ltd. has proved that he is a man with a vision for various industries like Paper, Steel, Plastic, Printing & Packaging, Sugar, Cement, Wire & Cable etc.

His journey has been a inspiration for many. He is a figure of great respect among his peers for his unflappable spirit, even in the times of serious crisis.

During his career, he showcased tremendous skills and impressive expertise while handling several critical assignments covering a broad range of applications, such as Paper Corrugation, Steel, Metals, Printing, Cement and other process industries. He was a valuable part of several foreign assignments in countries like Dubai, South Africa, Riyadh, Nepal, Mauritius and Bangladesh.

She is one energetic, dynamic and qualified gem on the directorial board who brings in more than 17 years of hands-on experience on diverse business functions.

She started her career in year 2001, with wide exposure in several verticals like Sales & Marketing, Finance Management, vendor management and business promotion.

Her journey in the industry along with her new role as director of Shri Ji Power & Automation Pvt. Ltd., is a fine example of exemplary leadership. Moreover, her edification of M.Com and MBA (Finance) comes handy while donning the hat as leader of the company.

Rivika Jain

Director

OUR KEY COMPETENCIES

01.

ELECTRICAL ENGINEERING

- Power Distribution
- AC/DC Drives
- Equipment Design
- Power Network

02.

CONTROL ENGINEERING

- Application Software
- Automation Systems
- Communications
- System Architecture

03.

PROCESS ENGINEERING

- Process Know-How
- Modelling & Simulation
- Control & Instrumentation
- Human Machine Interface

04.

PROJECT MANAGEMENT

- Multi-Discipline
- Multi-National
- Methodology
- Quality Assurance

MAIN CAPABILITIES

Electrical Equipment Manufacturer

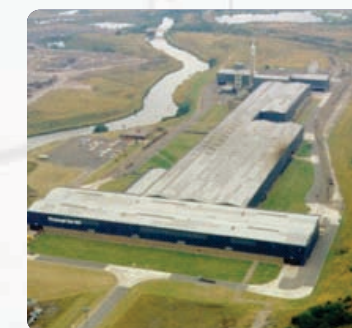

Automation System Integrator

Solution Partner

COMPLETE SUPPLY

Rod, Bar, Light Section Mills	81
Continuous Casters	12
Pulp & Paper Mills	3
Light & Medium section Mills	5
Beam & Heavy Section Mills	1

REVAMP PROJECTS

Optimized performance by providing system & solutions based on highly reliable Drive electronics and Automation system.

BUSINESS SEGMENTS

Shriji Power & Automation Pvt. Ltd. is a leading company which design & produce highest quality industrial electrical, drives & automation systems

HOT ROLLING

- TMT Bar Mill
- Wire Rod Mill
- Start/Stop Shear
- Continuous Shear
- Hot Strip Mill
- Light & Medium Section Mill
- Heavy Section Mill

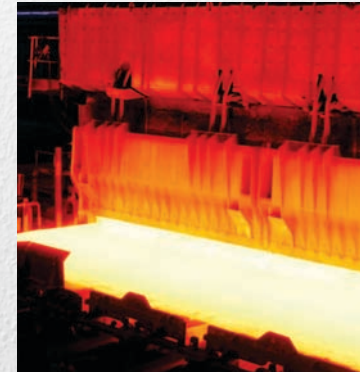

COLD ROLLING

- Roughing Mill
- 4-Hi Mill
- Z-Hi Mill
- Cut-to-Length
- Rotary Shear
- Tube Mill
- Flying Saw

CONTINUOUS CASTING

- Continuous Billet
- Continuous slab casters
- Billet Shear
- Auxiliary Controls
- Primary and secondary Automation

FURNACE AUTOMATION

- Gas Furnace
- Diesel Furnace
- Producer Gas Furnace
- Pulverized Coal Furnace

NON-FERROUS ROLLING

- Continuous Casting
- Hot Rolling
- Cold Rolling
- Rotary Shear
- Cut-to-length
- Material Handling
- Hydraulic Press
- Extrusion Machines

PULP & PAPER

- Paper Machine
- Twin Drum Rewinder
- Sheet Cutter
- Silent Drive system
- VFD Panel Line-up

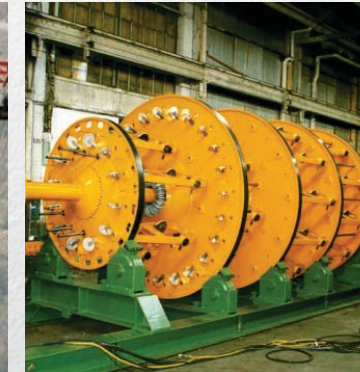

PRINTING & PACKAGING

- Laminating Line
- Coating Line
- Metallizer
- Rotogravure Printing
- Slitting
- Blow Moulding
- Blown Film Line

CONVEYORS & ROPEWAYS

- Passenger Ropeway
- Material Ropeway
- Hoist / Crane
- Conveyor Belt/Chain
- Mining Shaft Drive

WIRE & CABLE

- Buncher Machine
- Hi-speed Wire Drawing Machine
- Extrusion and Annealing Line
- CO₂ Machine
- Layer Winding Machine
- Dancer Control

ENERGY MANAGEMENT

- Load Manager
- MD Control
- Power Quality Control
- Power Export & Synchronization

EXPERT TRAINING

PLC
SCADA
DRIVE
MOTOR

Our training centre provides classroom and hands on training to the supervisors and engineers of our clients. The objective of training centre is to develop skill set of professionals pertaining to Industrial Automation practices by imparting Industrial level training .

REPAIR & SERVICE

We offer repair services for electronic drives and controllers to enhance the service life of equipments.

Annual maintenance contracts for servicing and maintenance to improve plant up-time.

OUR INFRASTRUCTURE

45,000

sq.ft of Factory Space

Team of 17
expert engineering professionals

Workforce of 50+
employees

Specialized training centre for
engineers

R&D centre for new technology
developments
